NATIONAL SOCIALIST LIBERATION FRONT
EXTREMIST MATTER
WHITE HATE GROUP

This investigation is based on information which indicates that the National Socialist White People's Party (NSWPP) is engaged in activities which could involve a violation of Title 18, United States Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot Laws) or 241 (Civil Rights Act of 1968). The NSWPP, also known as the American Nazi Party, and organized in 1956 at Arlington, Virginia, is based upon the concept of international "National Socialist" movement as espoused by the German Nazi Party headed by Adolf Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communism through various propaganda media and provocative demonstrations. [REDACTED]

b7C

[REDACTED] of the NSWPP, has repeatedly and publicly urged the expulsion of all Jews and Negroes from the United States. In a telephone tape-recorded message made on January 3, 1973, an NSWPP spokesman stated "The only solution for this nigger black plight in America is to ship the niggers, the Jews and integrators back to Africa". In another telephone message recorded in September 1972, a spokesman stated "If the Aryan quest for justice and a decent life in our country means that every vile, race traitor (school) principal must get a double barrel of buckshot in the face, ... then so be it". The leaders of the NSWPP travel extensively throughout the United States and utilize interstate communications in furtherance of their activities.

ENCLOSURE

157-31535 - 2

NATIONAL SOCIALIST LIBERATION FRONT

The National Socialist Liberation Front (NSLF) was formed in February 1974 by Joseph Tommasi. Tommasi had been expelled from the NSWPP in September 1973, and since that time, had been formulating plans for the formation of the NSLF. Both the literature and Tommasi's own statements indicate that the NSLF will operate from basically the same political ideology as that of the NSWPP.

According to source, Tommasi had written a paper regarding the formation of this group and entitled the paper the "October Statement".

On February 9, 1974, Source  provided a copy of Tommasi's "October Statement" which follows:

The Programme and Format of:

THE NATIONAL SOCIALIST LIBERATION FRONT

A National Socialist Anarchistic approach to contemporary political failings in America.

To be known as the OCTOBER STATEMENT

Oct. 1, 1973
[YF-84]

INTRODUCTION

We are National Socialists Revolutionaries. We believe in the concepts of Adolf Hitler as laid down in MEIN KAMPF. We are fighters in a country conceived by White People and created by the White Race but presently in the hands of irreputable Capitalist Bureaucrats interested only in power and money.

The present leaders of America are interested in staying in power. To do so means that they, by consequence, must take action which will ultimately lead to the destruction of the White Race. These people, by their actions, have made themselves our Racial enemies.

As a solution we must not adhere to Right-Wing values and principals since such actions are outmoted and ultimately unproductive.

To adhere to "Law and Order" in these days of moral disorder and social decay is absurd. Only an idiot could possibly hope for social Revolutionary developments by playing the game by the enemies' rules. At most weak kneed cowards can find a refuse to comfort their consciences.

WE ARE NOT INTERESTED IN COMFORTING ANYONE!

THE OPPOSITION AND IT'S EFFECT ON US

During the past fifteen years we have seen many issues no longer remain issues. Darkness becomes light and life death. Political Partys we exploited for issues themselves died. We came to see the vibrant, active 1960's die.

For many on the "LEFT" the turbulent '60s gave reasons for Revolution and in many cases what appeared to be "THE REVOLUTION".

Not concerned with what they would do after "their Revolution" most were urged on by their frustration and they knew their frustration better than any eutopian way of life. They may not have known what they wanted but they sure as hell knew what they DIDN'T want.

The hypocrisy and dectet and disloyalty on the most infinite or minute facet of American ~~xxx~~ Capitalist life repulsed the young Radical. And so to be repulsed by the "land development" society we live in destined one to be branded a "RADICAL".

Healthy elements, young elements, in Left Movements circles began even to question the old Left radical solutions as possibly being just a different side of the decay that had captured the world.

As their radical frustration grew against law and order so did their patience diminish with old line "Left Politics". Movement "splits" occurred, some existing for only a short time, while others flourished and became everyday words.

Youth rallied to the Red flags of such organizations as the Students for a Democratic Society. And within such Movement groups growth only forestalled the Organizations eventual death.

With the end of the Viet-Nam War which was the only real Rallying point the Left had, Radicalism in America was Defused.

THE PROBLEM

During the first few years of the 1970's a visible slowing down of Radical thought has occurred within the Left. Consequently, opposing viewpoints lost their issues. The "right - wing" began to wain. But since National Socialism doesn't exist to take arms against existing issues and instead exists to forge its own issues into the heart of the American body politic we survived while other "Like Minded" groups withered away. But still it became evident to those opponents of left-wing thinking the "hopes" and most expoused "fantasies" of violent Race-War were indeed just illusions, which may have done wonders to one's ego but appeared to be just another dead social possibility.

Instead of raving Radicals and militant blacks threatening total Race-War we now have a different game altogether with different rules.

We are experiencing a TOTAL decline in the "QUALITY" of life in our daily existence. It has become so soiled with degeneracy and moral decay that it is almost unrecognizable from ten years ago,

The most amazing aspect is the "speed" or "rate" of decline. Most have become afraid of the consequences and others refuse to recognize the situation for what it really is: THE BEGINNING OF THE END!

We are dying! Race-Mixing is occurring in more proportionate number. More Non-Whites can be seen in America than ever before. We are being outbred. The results of years of Race-Mixing are becoming apparent. Mongrels, Raceless hordes are more visible than ever before.

The Capitalists are destroying the land to house these scum and other Capitalist exploiters are soaking everyone out of those essential elements needed for survival. Even food is becoming a valuable and sometimes unobtainable commodity.

The most terrifying thing is that White People no longer have any "Pride" in themselves. They have no will power to fight the vile Jewish decadence which has befallen them. In most cases the White masses support the present Race-Mixing, degenerate situation.

The White man is no longer capable of fighting the forces out to destroy him. He even refuses to recognize those forces.

As "open Revolutionaries", we must admit, that we have failed to make a single dent in the system. As "An Organization of National Socialists" we have absolutely NO influence or "political power, OF ANY KIND!

The "White Masses" won't be moved at this time or any foreseeable time in the future. They are weak and getting weaker by every passing minute.

To think that we are winning is to live under the biggest lie one can undertake against himself as a leader in the White Power struggle in America.

The "PROBLEM" is us, our "tactics and outlook". It feels good to deceive ourselves and we are continuing this procedure.

FIVE MORE MINUTES TO FAIL

One serious observation National Socialists have come across is that most of the "opposition" to the philosophy of HITLER and ROCKWELL stems out of the White Community itself.

In turn, the NATIONAL SOCIALIST MOVEMENT has suffered many setbacks and has emerged victorious over those setbacks, setbacks which could have destroyed the Movement. It also for the past sixteen years, attempted to ~~RENEE~~ attain political power through legal means. To say the least, the Movement is no closer to this goal than it was at its inception in 1958.

The Movement has evolved from a club with gang type antics into a real, pliable, small, unimportant political organization. It was only this year, 1973, that it showed some hope for real political National Socialist Leadership in its ranks. But it still has not increased in its numbers and still has no political influence or power of any kind.

To some degree the Party internally has improved in the quality of its personnel but undesirable elements still tend to be a significant part of the Supporters. Immature Youth tend to be another large bulk of resource. The remaining elements tend to be very desirable elements: individuals who have enough common sense to be a viable benefit to the development of the internal apparatus of the Party.

But still for many to face the reality of a change in what to expect in the "new political scene" in America was to deny them their glory. In most cases elements within the Movement literally "Refused" to accept the fact that America was facing a new social life. So they continue to play their little game, a game only they enjoy. A game where they can dream of Firestorms and violent race-War with raving black rioters shooting up the Country giving THEM the chance to "save the day" blazing away with machine guns they've never seen, in each hand. All of this reaches its peak of absurdity when after examining the personalities of these people one realizes that ~~none~~ neither side has the guts to perform an act which would result in the death of another human being.

The National Socialist Movement will continue to attract these "gamblers" for they are a necessary ~~part~~ of the political development ~~needed~~ for bringing about a National Socialist America. Their span of vision will continue to be limited to "blowing people's minds".

One very important thing to keep in mind is that with such "elements" one only builds an "organization" NOT a Revolution and certainly not a government unless that government is South of the Border.

Unless some remarkable social situations evolve within the Movement and within America in the near future it will be obvious that the Movement can not build itself up as a potent Political entity in time to be significant in straightening out the dilemma we face in the near future.

THE MOVEMENT AND ESPECIALLY ITS' TACTICS ARE RAPIDLY BECOMING OBSOLETE.

There is only one conclusion we can come to after viewing sixteen years of failure as a Revolutionary Political force in America. WE ARE LOOSING!

BREAK ON THROUGH TO THE OTHER SIDE

- Alternative thinking -

-Alternative action-

To do what the Movement wants means to work toward that goal in the manner by which the National Socialist Movement is indeed working. There is no other way for the NSWPP to work. They are doing what they must.

We of the NSLF are National Socialists who believe the Movement is going to loose in the struggle, no matter WHAT they do. The Movement is doing it the only way they know how but they are going to loose. The Party cannot keep pace with the decline of White Civilization.

POLICY STATEMENT

We of the National Socialist Liberation Front have reached a point of frustration where we are no longer thinking in terms of "WINNING" but instead of "DESTROYING" and "HURTING" the enemy.

We have become political GUERRILLAS who believe in National Socialism. We base our acts of terrorism in accordance with the racial socialism of HITLER!

"HOT TOWN : SUMMER IN THE CITY or I AMN'T GONNA WORK ON MAGGIES FARM NO MORE" - WE REDISCOVER OURSELVES

We believe the best Organization is NO organization.

We believe the best answer to a political war is to kill your opponent. It doesn't matter how; knife him, strangle him, shoot him, poison him but KILL HIM, for if you don't kill him he'll kill you.

We believe every Judge to be a criminal and every politician a whore.

We believe that CAPITALISM is the tool by which the ruling class stays in power and oppression the means by which it keeps its' power. Justice is a myth and you are the final judge since you have the ability to kill those who need killing.

We believe the Jews and their Jewish Racial Personality are the cause for the whole disastrous way of life we are experiencing. The world will not be safe until all the Jews are eliminated.

We believe that America is the most violent country in the history of the world. Consequently we believe that violence is the only thing the masses understand.

We believe in the use of **TERRORISM**. to achieve our ends. Our "ends" are to intimidate to population and the Government into granting our demands. Our demands will center around liberating and persuading Capitalist institutions into donating money to certain anti-Communist governments and to the National Socialist Movement.

Our final goal will be to kill the enemy, destroy his property and to stop him by any means necessary.

We believe the **ENEMY** to be Corporate leaders, Heads of State both foreign and Domestic, Big City bosses, Bank Presidents, dope pushers, police chiefs, Judges, Social misfits, Whores, pimps, Niggers, race-mixers, HamburgerHelper, Communists, liberals, Jews, Mexicans, Oil Tankers, gas stations, apartment house complexes, high prices, new cars, urban renewal, cold cereal and anything or anyone **WE** deem to be useless bastards and detrimental to the health and welfare of the White People.

We believe that the ends justifies the means and we intend to fight by any means necessary.

We believe in Revolution for Revolutions sake. We are not interested in becoming the political power structure only to ~~be~~ warrent being overthrown ourselves. We won't be told what to do by any organization or by anyone. We choose our own targets and our own reasons. We obey only those laws we wish to obey and we only obey **THOSE** so as to wage our war against this society.

We believe that to fight this Revolution we must use the tools of Revolution.

We believe in using **ALL** available types of weapons in our Liberation Struggle. Those weapons include guns of all kinds, bombs of all kinds and methods of all kinds. Some methods include assaults, assassinations, kidnappings, bombings, intrigue, espionage, robbery, burglary and any other method found to be necessary.

CONCLUSION

AT WORST WE EXPECT TO BE CAUGHT BY THE AUTHORITIES AND EXECUTED-

AT BEST WE EXPECT TO PAVE THE WAY FOR A NATIONAL SOCIALIST TAKEOVER.

But out of all our efforts, we expect to do irreputable damage to Democratic Capitalist America; injuring severely those responsible for its' continued existence.

Room 6774

This investigation is based on information which indicates that the National Socialist White People's Party (NSWPP) is engaged in activities which could involve a violation of Title 18, United States Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot Laws) or 241 (Civil Rights Act of 1968). The NSWPP, also known as the American Nazi Party, and organized in 1956 at Arlington, Virginia, is based upon the concept of international "National Socialist" movement as espoused by the German Nazi Party headed by Adolf Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communism through various propaganda media and provocative demonstrations. [REDACTED]

[REDACTED] of the NSWPP, has repeatedly and publicly urged the expulsion of all Jews and Negroes from the United States. In a telephone tape-recorded message made on January 3, 1973, an NSWPP spokesman stated "The only solution for this nigger black plight in America is to ship the niggers, the Jews and integrators back to Africa". In another telephone message recorded in September 1972, a spokesman stated "If the Aryan quest for justice and a decent life in our country means that every vile, race traitor (school) principal must get a double barrel of buckshot in the face, ... then so be it". The leaders of the NSWPP travel extensively throughout the United States and utilize interstate communications in furtherance of their activities.

NATIONAL SOCIALIST LIBERATION FRONT

~~CONFIDENTIAL~~

The National Socialist Liberation Front (NSLF) was formed in February 1974 by Joseph Tommasi. Tommasi had been expelled from the NSWPP in September 1973, and since that time, had been formulating plans for the formation of the NSLF. Both the literature and Tommasi's own statements indicate that the NSLF will operate from basically the same political ideology as that of the NSWPP.

On April 10, 1974, a source was has provided reliable information in the past furnished the following information:

On April 9, 1974, Joseph Tommasi and [redacted] El Monte, California, NSWPP activists, among others, had a meeting at which was discussed the organizational effort of the embryonic NSLF.]

Tommasi indicated that approximately 40 individuals who had been previously associated with the El Monte Chapter of the NSWPP had been banned from participation in further NSWPP activities because of their association with Tommasi. Tommasi indicated that the 40 or so individuals who had attended his NSLF initial meeting on March 2, 1974, had all been banned from further NSWPP activity with the exception of [redacted] current NSWPP activist, who also remains, according to Tommasi, a close personal friend. (S) (U)

[redacted] indicated that a coalition idea, that being the NSLF and NSWPP operating a coexistence with each other, would fail because of the obvious conflict in the personalities of Tommasi and [redacted] current NSLF El Monte Chapter leader. Parker described [redacted] policies as "completely unrealistic and completely by the book", and indicated to Tommasi that he had told [redacted] he was to meet with Tommasi in the near future. (S) (U)

NATIONAL SOCIALIST LIBERATION FRONT ~~CONFIDENTIAL~~

[] then suggested that Tommasi draft a petition to be eventually forwarded to NSWPP Headquarters in Arlington, Virginia. This petition, to be signed by all of Tommasi's followers, would ask permission to open a new NSWPP unit in Los Angeles under Tommasi's leadership. Tommasi indicated he could get about 40 such signatures and of these, 25 would be "hard core" and consistently active members. [] indicated he would back Tommasi one hundred percent and inquired of Tommasi if he felt that [] would "go for it". Tommasi stated he did not think the idea would be accepted but stated it would have to be National Headquarters and not Tommasi who "cut the ties". Tommasi further stated if he was turned down, he would then go ahead with the plan of instituting the NSLF, otherwise, if the new NSWPP Unit concept was accepted, he would scrap the NSLF plan. ~~(S)~~ (U)

[] indicated that perhaps this idea of another NSWPP unit in Los Angeles should be tested by calling Arlington, Virginia, Headquarters. [] then called Arlington and conversed for 20 or 30 minutes with [] and explained the "new unit concept" in detail. [] was told by [] that Tommasi would not have such a large following if it were not for the fact that the attitude of [] which was driving people to look for new leadership. ~~(S)~~ (U)

[] also intimated to [] that a blanket integration of the Tommasi faction into the El Monte Unit would not work because it would cause [] to loose face amongst his following. ~~(S)~~ (U)

[] indicated to [] that the idea had merit and he promised to confer with [] later that same day. ~~(S)~~ (U)

Immediately subsequent to [] conversation with [] [] then called [] in the El Monte NSWPP Headquarters and explained to [] that Tommasi intended to submit an application for a new unit with 40 signatures and further intimated that conversations with [] indicated that the idea might be accepted. ~~(S)~~ (U)

[] response to this was that he, [] had previously only branded Tommasi as a traitor to the NSWPP, but now, according to [] "it appears there are 40 more". [] terminated the conversation with a comment about how [] had no authority to tell him how to run the El Monte Chapter. ~~(S)~~ (U)

"To all supporters of the NATIONAL SOCIALIST LIBERATION FRONT; The Liberation Front Underground wishes to extend it's sincerist apology to all NSLF supporters who attended the March 2, 1974, organizational meeting. At that time plans were laid down as to the establishing of the NSLF as a viable political force in Southern California by first obtaining proper facilities.

Because we were to meet with [] of the NSWPP who wanted to try to work something out in the hopes of getting most of us back into the NSWPP there was a delay in organizational activity for the NSLF for over three months. The reason for such a "long" delay was because every time we were to meet with the [] we were stalled even further with claims that he would meet with us "next week". This went on for over three months until we stated we were no longer going to wait. We further went on to state we would now go to court to obtain the \$150.00 owed to us by the Party and we would proceed with the necessary organizational plans to establish NSLF.

A day later we met with the [] and []

The meeting proved futile. We agreed to do everything except join the Stormtroop section of the Party because this meant having to take orders from those scoundrels who stabbed us in the back and brought us to this point of abandoning the mass strategy. On 10/8/74, [redacted] advised that JOSEPH TOMMASI, past captain of the National Socialist White People's Party (NSWPP), El Monte Unit, is starting a recruiting drive for captioned organization, a Nazi group recently started by TOMMASI. Source stated that TOMMASI is accepting applications from all past members of the NSWPP; however, not all applicants may be accepted for membership. TOMMASI allegedly wants "quality" members, not quantity.

[redacted] stated that [redacted] (Bufile [redacted]), [redacted] is very interested in the NSLF and that the Phoenix Unit of the NSWPP may disassociate from the NSWPP and join with TOMMASI. It was noted that although the NSWPP Phoenix Unit members remain in close contact with each other, there has been only one official meeting of the unit since January, 1974. Source cited reason for the lack of meetings was the feeling that the NSWPP in general lacked leadership and effective programs. Source stated that there is enthusiasm for the NSLF because TOMMASI seems serious in promoting an active, aggressive policy. Source noted that [redacted] apparently has some objections to TOMMASI's literature, and is intent to send [redacted]

[redacted] to El Monte (date unknown) to confer with TOMMASI in order to clarify some points of TOMMASI's program.

Introduction to the National Socialist Liberation Front

The National Socialist Liberation Front

As an alternative to the lack of any education on the National Socialist World View to members of the National Socialist Community, we have established the National Socialist Liberation Front.

The primary purpose of the N.S.L.F. is to fill in this void by educating a select group of white persons *already committed* to the National Socialist World View in the hopes that they will gain a better understanding of Adolf Hitler's National Socialism in relation to today's contemporary political situation.

Not being a part of a "mass Movement" organization and not attempting to build a mass movement will allow us to put forth our efforts only to those we feel will benefit from our teachings. This is necessary in so much as it will give us a higher quality of person with which to work with. It will be from those people from which we will choose who we wish to join us in taking up arms in a guerilla war that will purely have to be waged against the system and certain other enemies of the National Socialist Revolution. We will choose those who will associate with us. This organization is NOT open to "anyone". We are clandestine National Socialist guerillas. We realize what is wrong in America and we realize what has to be done. But first we must learn all there is to learn about ourselves and our enemies. Without this knowledge all attempts at waging war shall end in our defeat.

N.S.L.F. Program

Members of the N.S.L.F. tend to be the more radical and better educated among those involved in the National Socialist Movement.

Because of the nature of those in N.S.L.F. there is no need to fill illusions of governmental takeovers and world domination. The primary theme of thought in N.S.L.F. is to face the many political realities in America and analyze them. Our conclusions will determine our strategy and tactics.

N.S.L.F. has four primary purposes:-

1. The maintenance of a political book store dealing primarily in National Socialist thought.
2. Militant radical workshops and the training of a cadre of dedicated, well educated National Socialist revolutionaries will be the end product of an intensive program by which ALL members will gain a thorough understanding of what National Socialism means and how best to serve the National Socialist Movement through the vehicle of the National Socialist Liberation Front. Radical, militant "street action" aimed at bringing the system and it's bosses to their "knees" is the final goal. This policy of confrontation politics will be achieved by any means necessary.
3. The maintenance of a "Radical Hot Line" telephone message service.
4. The dissemination of our propaganda

The N.S.L.F. will grow but that growth must be based on facing the political realities of today. We must allow our growth to be *organic* and must not view our lack of growth as a setback but rather a *primary and necessary tactic for such a unique effort as ours*. We must strive for quality, not the masses of idiots which would only drag us down into insignificance.

THE CRACK OF GUNFIRE IS THE ONLY REALITY THE MASSES CARE TO PAY ANY ATTENTION TO. THE REVOLUTION BELONGS ONLY TO THOSE WHO ARE PREPARED TO SUFFER THE CONSEQUENCES OF DISRUPTING THE SILENCE OF DARKNESS. WE MUST PREPARE TO SEIZE THE TIME.

Participation in the activities of the National Socialist Liberation Front is limited only to members of the N.S.L.F.

In order to become a member of the National Socialist Liberation Front one must fill out completely, a membership application. All questions must be answered in detail. The individual, in addition to the membership application form, must also sign the statement we will provide swearing they are not members of a government agency attempting to infiltrate the N.S.L.F. and that their interest in joining the organization is to purely advance the cause of Adolf Hitler's National Socialism and that their interest is not to do harm to N.S.L.F. or its members. They must understand that to sign such a statement knowing that their intentions are against the interests of N.S.L.F. will constitute breach of contract and will allow us to take legal action against such individuals. Membership is further restricted to members of the non-Jewish, white race. Each applicant and each member is subject to an intense investigation to insure the goodness of their intentions in the minds of the N.S.L.F. leadership. The leadership will be the sole deciding factor on who will be allowed membership in N.S.L.F. The National Socialist Liberation Front leadership will also decide who will be expelled and for what reason. The leadership will also be the only ones to decide what the *activities* of the organization will consist of.

A membership application fee of \$5.00 will be required with a minimum monthly pledge of \$5.00 or more. The money is used to maintain the facilities of N.S.L.F. and to finance its *activities* and publish our propaganda.

A member of the N.S.L.F. is entitled to attend and participate in our weekly radical forums. Members will also receive the bi-monthly internal bulletin of the N.S.L.F., "SEIGE!"

"He, Not Busy
Being Born
is Busy Dying"

If you wish to become a member of the National Socialist Liberation Front, fill in the request for membership plus your \$5.00 handling fee. We will send you an application by return mail.

We have a program every true, hard core National Socialist Revolutionary can identify with. N.S.L.F. is saying what many have always felt in their hearts and have longed to hear for so long. "NOW IS THE TIME TO BUILD AN ORGANIZATION WHO WILL TAKE UP ARMS IN A NATIONAL SOCIALIST ASSULT AGAINST THE ENEMIES OF THE RACE. BUILD THE ARMED STRUGGLE!" Now is the time for all of us to act! We must build wherever and when ever the need or opportunity arises.

We need to install our telephone message service, "THE RADICAL HOT LINE". A certain amount of office equipment and machinery is still needed. In addition to this we must launch an advertising campaign to establish the bookstore in the radical community, which will, in turn, bring in more support and new potential members. We must continue to build a wide base of support; a group of supporters whose only part is to financially back the organization while not actually being tied to it.

There are National Socialist Revolutionaries out there and we are going to get them into N.S.L.F. by out performing everyone else!

But to do this we need your support. You must help us if we are to succeed in our task. We can't do it alone. We must show people we have something that they'd be proud to be a part of.

The National Socialist Liberation Front exists. We are a very real organization. PLEASE HELP US ACCOMPLISH OUR GOALS AND SECURE OUR NEEDS.

Any contribution you may care to send will be greatly appreciated no matter what the amount. But remember, the more you contribute the more we can do. Now is the time to act, do your part. Lets get those people into NSLF and let build an even greater N.S.L.F. an organization which is sure to bring the bastards down! ACT NOW, send your contribution TODAY!!!

In Solidarity,
HEIL HITLER!

Joseph Tommasi

NOTE;

On Saturday, Sept. 14, 1974, at 7 p.m. there will be a special get-together meeting at the Liberation Front Bookstore. You are most welcome to attend. It will be a very important meeting so do try to attend. At this time you will get a chance to see the new facility. (meeting are held every Sat. night at 7pm but the 14th will be a special occation)

Fellow National Socialist Revolutionaries;

Inclosed you will find a copy of SEIGE . Along with it you will find a notice concerning the grand opening of our new National Socialist Liberation Front Bookshop. It's the best facility of it's kind in California.

In the short period of our existance we have achieved more and have been able to keep up with our time table better than any other organization of our kind.

With hardly any funds to work with we were able to obtain the most modern National Socialist bookshop in the country. We have already appeared on one television show and plans are in the works for a second. Our appearance has produced expressions of needed support.

Our propoganda, geared for the most revolutionary, has allowed N.S.L.F. to be felt throughout the entire Movement. The reaction has caused many Comrades to abandon the Mass Strategy of the NSWPP. They, in turn, have found themselves identifying with the N.S.L.F. Strategy of the guerrilla underground. The N.S.L.F. has taken the ultimate step in relation to the National Socialist Movement; WE'RE BUILDING THE ARMED STRUGGLE and view it as our only hope against the State!

A very strange "strategy" is occurring throughout the National Socialist White People's Party, a strategy which has amazed us all!

The Party is treating many of it's supporters like dirt!!! In the El Monte Unit, during the past week, nine long-time Party Supporters and Members tried to unify the local unit by holding a meeting at the El Monte Headquarters. When the Commander heard of the meeting he spent approximately \$500.00 of Party Supporters money to fly Clifford Ward out to Los Angeles. Ward barged into the meeting and began an insane name-calling, smear attack against all who were present. He refused to answer any questions as to why people were being treated like animals. It became obvious to all present that absolutely nothing would or could be accomplished. All present lost faith in the Commander, the Party's ability to effect change and in the strategy. The Party's lack of sensitivity expressed by the tactic "Thin the Ranks and BUILD the Party", is now destroying the Party, at least in Los Angeles.

So, now the basic question before us all is this; Since the Party refuses to let anyone help them and since they have adopted a strategy of treating their members and supporters like dogs, will N.S.L.F. be in a position to pick up the pieces and at the same time be able to continue it's present activities and requirements.

Many who will leave the Party will NOT join the N.S.L.F. simply because of their bourgeois, right-wing reactionary mentality, even though they were affiliated with the Party, a supposedly "Revolutionary" organization. But still, all in all, there are those who will indeed leave the Party who will be of great benefit to N.S.L.F. as they possess a great deal of talent and are basically, good, sound National Socialist Revolutionaries.

But in the end it will be our job to show these people that we have something worth joining. Something tangible with a good foundation.

Introduction to

**QUICK
DILUT**

N.S.L.F.

**Now
we're
really**

it's a nasty affair

In September of 1973 a major shake up within the National Socialist White Peoples' Party was experiencing birth. Within weeks after the Fifth Party Congress, which was held in Cleveland, the NSWPP would lose the editor of it's monthly paper, Harold Covington. The entire Cleveland Unit of the Party would and did split from the NSWPP. Ray Wilson, the leader of the San Diego Unit who was considered one of the best organizers the Party had, submitted his resignation and abandoned the Mass Strategy.

The Party was at it's height of professionalism toward September. It had made international publicity because of it's intensified attacks against the system. Most notably was the seige against the El Monte Headquarters of the NSWPP on March 4, 1973. Under the leadership of Capt. Joseph Tommasi 53 uniformed Stormtroop personnel repeatedly attacked a mob of 400 persons who had come to El Monte to witness the JDL's attempt to oust the National Socialists from El Monte. Instead the 50 troopers launched 7 separate attacks against the mob which resulted in the police having to intervene. No Party personnel were arrested. Seventeen civilians were arrested with eight having to go to the hospital. Nine Stormtroopers received injuries to some degree. For the first time in NSWPP History we attacked the opposition. We were on the offense. Not only did we attack the mob but the police arrested members of the opposition and allowed the ST personnel to go free. This incident made its way into every major newspaper in the country, except the Party paper WHITE POWER!

When the Los Angeles unit of the NSWPP, under the leadership of Capt. Joseph Tommasi, exposed the fact that it had received \$1,200.00 of a promised \$5,000.00 from campaign workers for the Nixon effort in 1972 the story made international publicity on every major newspaper including the London Times, the Washington Post, which ran two front page editions of the story. All the European papers carried the story, most on their front pages. The NSWPP paper, WHITE POWER, refused to even mention this event, the only event the Party ever executed which was felt by the WHITE HOUSE. Reports have it that Nixon being tied in with the National Socialists was of utmost concern to Nixon friends and enemies alike. But there was no mention of this attack on the System by the only propaganda organ of the Party, WHITE POWER.

Then on July 1, 1973, the Los Angeles Unit of the Party, once again under the leadership of Joseph Tommasi, launched the largest single demonstration for a local Unit of the Party in Party History. Sixty-seven uniformed and non-uniformed Stormtroopers voiced Revolutionary opposition to the inauguration to Thomas Bradley's electoral victory as mayor of Los Angeles. This time the Party paper had a small article on it's back page and a brief paragraph in its internal "NS BULLETIN", while, again, every major newspaper in America and at least two major papers in Australia had mention of the unprecedented event on the front pages of their periodicals.

When the Party started failing to mention the progressive and revolutionary acts against the system that members of the El Monte Unit of the Party were engaged in it became apparent that some form of fear or paranoia was present within the top echelons of the NSWPP. We were doing the most of any Unit of the Party and receiving the least acknowledgement. Something was up!

DOOMSDAY

And then it happened! While Capt. Tommasi was half way across the country a police raid was launched against the El Monte Headquarters. All personnel in the headquarters were arrested and all mailing lists and documents were seized. In addition to this every gun and round of ammunition was confiscated.

When this occurred it was ordered by the top leadership of the Party that absolutely NO mention of the raid was to reach Capt. Tommasi, who at that time had reached Cleveland for the Fifth Party Congress. While Capt. Tommasi was in Cleveland, Commander Matt Koehl traveled by air to California and placed a totally incompetent individual in charge of the El Monte Headquarters. (A few months earlier Capt. Tommasi had signed the deed to the Headquarters property over to the Commander at the request of the Commander.) Commander Koehl had been told a number of absurd and totally false lies about Capt. Tommasi and consequently found it convenient to use those lies as excuses to oust Capt. Tommasi.

When at the Fifth Party Congress Capt. Tommasi demanded to be court-martialed, the Captain was told by the Commander that no matter what the decision the Captain would no longer be allowed to run the El Monte Headquarters, the headquarters and UNIT he alone started and built into the largest and most Revolutionary operation in the entire Country. With this in mind Capt. Tommasi still demanded a court-martial. The court-martial was held in Cleveland the night before the Congress was to open and at the proceedings which amounted to no more than an insane kangaroo court Capt. Tommasi learned who the scoundrels were who betrayed him and lied. The beginning of the end was at hand, at least for the Southern California Section of the Party.

During the past year that those who were responsible for Capt. Tommasi's dismissal have had their way, the LA Unit of the Party lost or kicked out over 45 dedicated and valuable Party comrades. Valuable financial contacts were lost. A dictator was placed in command whose only thought was to rule with an iron hand and conjure up excuses to kick even more people out of the Party. They lost most of the office equipment as it belonged to the Captain. The demonstration dwindled down to 10 or 15. No longer would Los Angeles see 50-75 uniformed Stormtroopers. The meetings became stupid farces with requests for vitamins and toilet paper as topics for discussion. The idiot reactionaries had their way and even most of them abandoned ship, such as Harlen Stevens and David Martin Kerr along with other

That which is left are individuals who are new comers. These few who were never affiliated before. Numbering now close to only 20, the unit in L.A. has no leadership to speak of. Allen Vincent who had to replace Clifford Ward as L.A. leader because of the numerous complaints about Ward's tyrannical posture, leads the Unit two out of five consecutive weeks. The Unit under Ward was in financial chaos and isn't much better now.

The National Socialist White People's Party can no longer claim to be the "VANGUARD" of White Revolution. They have "blown" numerous vital issues recently such as the oil crises which contrary to Party speculation WAS only a short term hard-hitting issue. In addition, the Arab-Israeli war situation along with the bussing issue was never exploited. And for a Party which claims to have a mass strategy such issues are a once-in-a-lifetime opportunity which the NSWPP has missed each time they presented

themselves. The NSWPP is a "Mass Movement Party without the Mass!" It also doesn't have any leaders anymore outside of the Commander. In Los Angeles they had a lot of thunder but a very short reign!

people you
should forget

Clifford Ward, the dictator who was placed in the El Monte headquarters as Unit leader, exercised such a total lack of sensitivity, leadership, and proper judgment that he alienated or blatantly kicked out of the Unit over 40 long time, dedicated Party Comrades. Injustice was a daily routine. The lack of fairness and human sensitivity compounded the hardship of realizing the futility of attempting to seize the government. Coupled with having to tolerate the injustice of Capt. Tommasi's expulsion and the injustices which became apparent every day, such as threats of expulsion if one was seen talking with Tommasi or associates of Tommasi, forced many comrades to abandon the Mass Strategy of the NSWPP.

Even when the Party was at its heights of professionalism and activity many realized how difficult it would be to seize power in the United States and now it was an obvious impossibility. Many realized that our biggest enemies were our own people. To think that the masses of Whites would someday awaken from their slumber and decide to fight the system that had bestowed upon them bussing, economic exploitation, a no-win war, and the oil crises was indeed too much of a dream to fool ourselves with anymore.

The fact is, that the White people in America not only will not revolt against the injustices heaped upon them by a System with alien values but instead gratefully thank that system for easing up and occasionally stopping the beating they are receiving. The oil crisis was an example. When the crisis unveiled, the people, instead of rebelling against the Foreign Policy, which is what a healthy people would have done, instead scurried off to long gas lines, to pay top dollar prices to the capitalists. And when the sky-rocketing prices finally stabilized at the insane rip-off levels they're at presently the people's reaction was, not anger, but instead, a sense of "at ease" with the situation. The whole thing could be compared to a man in a "back room" being beaten with a rubber hose. When the assailant stops, the victim says, "Thank You". The masses were pleased and satisfied when the gas situation appeared to stabilize when in reality it hasn't. Movement people with their pea brain day dreaming would have once again, "PREDICTED" a social uprising! An uprising which never occurred.

Most of us who were alienated by the oppressive actions and unrealistic outlook and tactics of the Party were forced to look reality square in the face. What we saw forced us out of our fantasies and dreams and into a totally new and realistic outlook on Revolution in America.

Strategy for Revolution

On March 2, 1974, nearly one year after the March 4, event, 43 National Socialist Revolutionaries met in a hall in El Monte. At the meeting the National Socialists declared their lack of faith in the losing strategy of the mass movement idea. The National Socialists abandoned the mass strategy and adopted the revolutionary concept of the guerrilla underground.

1. No longer would we think in terms of obtaining political power; but instead, of hurting the enemy through force and violence. We would build the armed struggle.
2. We would no longer adhere to a mass strategy but would instead cultivate those already committed to the National Socialist World View. We have limited ourselves to only the best among movement people.
3. We have abandoned petty bourgeois, bureaucratic hang-ups and have developed the idea that the end justifies the means. What works is good!
4. We recognize that women have played a vanguard role in most revolutionary efforts and involve them in every aspect of NSLF.
5. We view armed struggle as the only effective means of forcing political change. We also recognize the fact that the masses of whites will never rally around radical politics. White people no longer have the ability to even recognize their enemy, so how could movements adherents think the masses could ever involve themselves in revolution. The white masses don't recognize their enemies, they don't even care, and they don't have the guts to shed their bourgeois hang-ups.

The white man has lost! We are an occupied people, in our own land, who must now develop a totally different outlook on revolution.

We must build the underground. We are making it an effective hard-hitting National Socialist Revolutionary Army.

We have already begun to launch armed assaults against the enemy. More assaults will continue, whether the enemy be the right-wing reactionaries, the system, or the communists.

Headquartered at three separate locations in the Southern California area it is already planning its winter offensive which includes the opening of a National Socialist Liberation Front Bookshop. The installation of a radical hot-line telephone message service will be a part of the propaganda organ of NSLF along with SEIGE. Late summer and winter classes in National Socialist Ideological, Political Training will begin in August. Additional training in guerrilla warfare, explosives and demolition, military assault weapons, and gas warfare, along with electronic communications

The NSLF is divided in combat units. A combat unit consists of three liberation fighters and a unit leader. No one combat unit knows who constitutes another combat unit. A NSLF combat unit member is trained as an efficient guerrilla fighter dedicated to destroying the enemy, no matter who that enemy may be. On the surface he has no uniform, he could be the bearded long-hair sitting next to you on the bus or the clean-cut store clerk. He could be anyone anywhere. Two separate combat units already infiltrated three separate Marxist organizations in Los Angeles. Their mission is to gather information on activists and leaders in the Socialist Workers Party, Young Socialist Alliance, The Southern California Communist Party USA and YWLL. In addition a surface investigation is taking place on the efforts of the NAACP in the San Fernando Valley.

The NSLF has the best elements gathered together from the past 5 years of National Socialist Activity in the Southern California Area. It has gathered experienced communications experts, military firemans experts, along with the finest liberation fighters available. Each member understands the new concept, the new strategy and tactics needed in order to effect political change. No longer willing to play the games of movement bureaucracies or associating with bald-headed idiots who have no concept of realities, the NSLF will undoubtedly emerge the vanguard fighters in the Nationalist Socialist Movement!

Pictured above is 22 year old Kathy Andre', NSLF Membership secretary. Kathy already has three combat missions to her credit.

TAKE REFUGE

On June 29, 1974, Joseph Tommasi, Leader of the National Socialist Liberation Front taped a 30 minute interview on Cable TV's Chanel 3. The program, PROFILE, hosted by Jack Fisher was the first publicity of any kind that N.S.L.F. has recieved in it's short period of existence. Although the interview was "general" in tone and briefly covered the split away from the "MASS STRATEGY" of the NSWPP it did produce some results as close to 69 inquiries have been recieved from interested persons.

A delay in the publications produced by the NSWPP has resulted in the April bulletin reaching its subscribers in July. The cause of this is believed to be a significant decline in staff personnel at National Headquarters. Richard Biederman, former National organizer, and an important member of the NSWPP national headquarters staff at Arlington, Virginia, recently up and left the organization to join the Rhodesian army in Africa. This in itself amplified the difficulties resulting from the lack of sufficient manpower. In addition to this there were one or two times staff payrolls were not met due to money problems. It is believed that these problems are caused by the many people who are victims of the NSWPP's New Stand, "thin the ranks and build the party," which in itself is an absurd contradiction to any mass strategy, besides being organizationally suicidal and self-deating. Any organization can not grow by practicing a blind foolish policy of dismissing large segments of its following, most of whom are its best people.

The US army transport truck which used to be with the El Monte unit of the NSWPP, under the command of Joseph Tommasi, is now owned and used by the national headquarters of the National Socialist Liberation Front. It will serve both as a valuable propaganda medium besides serving as a street demonstration.

Because of the revolutionary, anti-bureaucratic stand the NSLF has taken towards the building of the National Socialist struggle, former and present NSWPP associates in Cleveland, Ohio, and Kentucky have joined forces with NSLF. Although they have not yet reached the size to warrant being described as a "unit" both states do have the potential for establishing themselves as significant political forces in their area.

NSLF literature distributions in front of the headquarters of the NSWPP in El Monte have produced a very limited response so far. Inquiries from this effort number only 13. It is believed that this small reaction is caused because of the greatly reduced numbers of people who now attend the El Monte NSWPP meetings. Whereas prior to Sept. 1973 the average attendance at a meeting was between 35-75, now only 10-25 are present each Saturday night.

THE MOST REVOLUTIONARY BOOKSTORE IN CALIFORNIA

Grand Opening

Negotiations are now complete on the acquisition of an open NSLF facility. On Sat. July 27 the deal was concluded on the commercial offices and bookstore structure. The building contains 3 offices, 1 class room, 2 bathroom and a book store facility, all of which is wood panelled, and a kitchen. The NSLF now has the most professional and modern radical political structure in California. In the short few months of our existence we have come further, accomplished more than other similar organizations. The new NSLF Bookstore is open from 10:00 AM to 12 Midnite, 7 days a week. The Bookstore is located at 11101 Garvey, El Monte, California.

MEMBER OF SUBJECT ORGANIZATION

This investigation is based on information which indicates that the National Socialist Liberation Front (NSLF) is engaged in activities which could involve a violation of Title 18, United States Code, Sections 245(b)(3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Anti-Riot Laws), Section 2383 (Rebellion or Insurrection) or 241 (Civil Rights Act of 1968). The NSLF is a neo-Nazi group recently organized by Joseph Tommasi, El Monte, California, a former captain of the National Socialist White People's Party (NSWPP) (See Appendix). In promoting the organization, Tommasi's propaganda includes the statements, "Build the national socialist revolution through armed struggle;" "Political terror, it's the only thing they understand;" and "The crack of gunfire is the only reality the masses care to pay any attention to. The revolution belongs only to those who are prepared to suffer the consequences of disrupting the silence of darkness. We must prepare to seize the time."

MEMBER OF SUBJECT ORGANIZATION

On October 8, 1974, information was obtained that Joseph Tommasi was starting a recruiting drive for the NSLF and members of the Phoenix Unit of the NSWPP received Tommasi's literature by mail. Information was obtained that Tommasi was accepting applications from all past members of the NSWPP; however, not all applications would be accepted for membership as Tommasi allegedly wanted "quality" members, not quantity.

NATIONAL SOCIALIST LIBERATION FRONT

On October 8, 1974, information was obtained that [redacted] was very interested in the NSLF, and indicated that the [redacted] of the NSWPP might disassociate from the NSWPP and join with Tommasi. Enthusiasm for the NSLF was generated because Tommasi seemed serious in promoting an active, aggressive policy; however, [redacted] had some objections to Tommasi's literature, particularly its extremely violent format, and intended to send [redacted] to El Monte, California, to confer with Tommasi in order to clarify some points of Tommasi's program.

[redacted]
On October 30, 1974, [redacted] and [redacted] [redacted], departed Phoenix for El Monte, California. [redacted] and [redacted] proceeded to the NSLF bookstore located at 11101 Garvey, El Monte, California, on October 31, 1974, but found the bookstore closed. [redacted] departed the Los Angeles area on the night of October 31, 1974, employed as a helper-driver on a Bekins Van Lines lease truck en route to Connecticut. [redacted] remained at El Monte attempting to locate Tommasi November 1 - 8, 1974, through the bookstore and past associates of Tommasi with negative results. On November 8, 1974, [redacted] left a note for Tommasi to contact the Phoenix Unit of the NSWPP.

[redacted] (11/11/74)

On December 2, 1974, information was obtained that the Phoenix Unit of the NSWPP had received no contact from Tommasi and no further efforts would be made to contact Tommasi.

NOTE:

The NSLF was formed in the Los Angeles, California, area in February, 1974, by Joseph Tommasi, who had been expelled from the National Socialist White People's Party (NSWPP) in the Los Angeles, California, area. Tommasi stated that the NSLF would operate basically the same as the NSWPP; however, has stated that the NSLF will be more

extreme and will attempt to exert pressure by terrorist rather than by legal means. Los Angeles submitted LHM setting forth background concerning the organization, which included possible membership and activities of individuals in several field divisions. They are being advised as above.

NATIONAL SOCIALIST LIBERATION FRONT
EXTREMIST MATTER
WHITE HATE GROUP

This investigation is based on information which indicates that the National Socialist Liberation Front (NSLF), a description for which is set forth below, is engaged in activities which could involve a violation of Title 18, United States Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot Laws) or 241 (Civil Rights Act of 1968).

The NSLF was formed in February 1974 by Joseph Tommasi. Tommasi had been expelled from the National Socialist White People's Party (NSWPP), a characterization for which is set forth in the appendix hereto, in September 1973, and since that time, had been formulating plans for the formation of the NSLF. Both the literature and Tommasi's own statements indicate that the NSLF will operate from basically the same political ideology as that of the NSWPP.

SPECIAL
ISSUE

No. 1 Internal Bulletin of the National Socialist Liberation Front Jan. 1975

NATIONAL SOCIALIST REVIEW

Starting with this issue, the National Socialist Liberation Front will publish a monthly Bulletin. The purpose of National Socialist Review is to keep in touch with all our supporters and to let them know of all the advancements N.S.L.F. is making. SEIGE will continue to be published but will now take the form of an ideological journal while it will be the job of National Socialist Review to report on the activities of N.S.L.F. In addition, SEIGE is a quarterly which is too long a period of time for the following to wait for word on internal organizational activities. National Socialist Review is sent free to all N.S.L.F. members. Non-members can subscribe at \$5.00 per year or fiftycents per copy. To get NSR you must subscribe or join NSLF.

FOURTH QUARTER, NUMBER TWO OF SEIGE AVAILABLE

The fourth quarter issue of SEIGE is now available for distribution. This newest issue has a new format, a more professional type style with a greater amount of graphics. The new magazine style contains many informative articles on interMovement happenings and a very important article on "Building the Revolutionary Party". Single copies are available for \$2.50 each or \$9.00 per year. SEIGE is sent free to N.S.L.F. members. Others must subscribe!

NEW TELEPHONE NUMBER FOR N.S.L.F. BOOKSHOP

Because of increased support for the National Socialist Liberation Front we have been able to obtain telephone service at the N.S.L.F. "NEW ORDER BOOKSHOP" at 11101 Garvey Ave. in El Monte. The new number is (213) 443-1464.

WANTED

Any persons who have any National Socialist books they no longer want are asked to donate them to the National Headquarters of the National Socialist Liberation Front. Our library is growing but many more books are needed. Also needed are book suitable for resale in the New Order Bookshop.

We are also in need of any office equipment.

NORTH CAROLINA SHOOTOUT

As of this writing word received at National Headquarter confirms news report that Frank Braswell, leader of the North Carolina Unit of the National Socialist Liberation Front has just been ambushed by the enemy. It is reported Braswell and a female Liberation Front Organizer returned fire, emptying five weapons in the battle. More details will be contained in the February NSR. Those Comrades in the Eastern portion of the States are urged to contact Mr. Braswell and help out in any way possible. N.S.L.F., P.O. Box 47, Pennlar North Carolina.

CAPTAIN JOSEPH TOMMASI ON RKO'S CHANNEL 9 TV

Captain Joseph Tommasi, leader of the National Socialist Liberation Front, along with Bart West, a spokesman for the Ku Klux Klan, appeared on Channel 9 TV in Los Angeles. The program, "The Morning Show," is hosted by the black moderator Tom Hawkins.

Captain Tommasi and Mr. West were to debate a member of the N.A.A.C.P., who promptly chickened out. Instead of the NAACP representative Channel 9 invited a black organizer who earlier that week had helped organize a march in Pasadena, Cal. to promote bussing. Channel 9 also had a former mayor of Beverly Hills who is now a "Constitutional Lawyer," promoting race mixing and bussing; he is a Jew.

As the show proceeded the race-mixers continually turned all the realities of a race-mixing society around, spewing untruths and deceit to the TV audience. At this point the National Socialists blasted these lies with calls for armed resistance on the part of Whites against any and all attempts to mongrelize White society.

It was brought out that NSLF has been attempting to arm the students of Boston with weapons for use against the System and the blacks who are trying to break White resistance towards the integration schemes. The mention of guns to further the National Socialist struggle brought shock and terror into the minds of the Enemy. The black and the Jew became extremely upset as the telephone lines into Channel 9 overflowed with callers wishing to speak to the National Socialists.

Many times during the insane statements of the black and Jew, fist fights nearly broke out as it became too absurd for the National Socialists to allow the race-mixing duo to continue with their anti-White antics.

As the show neared its end Mr. West and Captain Tommasi continued to blast the race-mixers' notions that they were going to "take what was theirs" by letting these two swine know that indeed they would have to take it for Whites would continue to resist their efforts and that this resistance would soon take the form of armed assaults against the enemies of the White race.

The show was a complete success for NSLF as it allowed the public to know that there is now an organization which has every intention of fighting with the Revolutionary Violence of National Socialism.

A SPECIAL NOTE ON NSLF PUBLICATIONS

The Underground recognizes that there are a lot of "dead beats" in the Movement, people who like to criticize everyone's efforts no matter what those efforts may be, while never contributing any help whatsoever to the Struggle for liberation.

Therefore the NSLF Underground has adopted the following policies:

1. Only the bulletin of NSLF, National Socialist Review, will be "exchanged" for the publications of other organizations. Non-members of NSLF will have to subscribe to NSR; rates are \$5.00 per year or fifty cents per copy. National Socialist Review is published monthly and sent free to card-carrying members.
2. An introductory copy of SEIGE will be sent free to new inquiries to NSLF. Card-carrying members of NSLF receive SEIGE free. All other persons interested in receiving SEIGE will have to subscribe at nine dollars per year or two dollars and fifty cents per copy. SEIGE is published quarterly (every three months). Only under special circumstances, such as an organization which publishes a monthly "newspaper" or similar journal, will SEIGE be exchanged in return for said periodical. -6-

NEW ORDER BOOKSHOP PROGRESS

When the Underground first opened the New Order Bookshop we were promised help by past NSWPP associates in helping to maintain the bookshop. It was hoped we could keep it open from the early morning to midnight; as it turned out these people let us down. We were not able to maintain open business hours as consistently as we would have liked. The bookshop has been open only three to five days out of the week when it should have been open seven days a week for at least ten hours a day.

To be precise we are suffering a staff shortage. The reason for this is THE BOOKSHOP IS NOT NSLF HEADQUARTERS. NSLF Headquarters is located at another location for obvious security reasons. Most of our supporters are working class people and cannot afford to take time off to man the store. The only solution to this problem was to find a Comrade who was in a position to man the store without interfering with his personal situation. We therefore sent out notices to those Members we felt could accomodate such a demand.

We are therefore pleased to announce that Comrade Damon C. Vashon of Louisville, Kentucky will be transferred from Kentucky to Los Angeles to be bookshop manager. By January 20, 1975 the bookshop will be open on a guaranteed daily basis. Another obstacle has been overcome by the revolutionary dedication of our following.

NSLF ARMAMENTS AND EQUIPMENT

NSLF is building an armed Revolution and we are dead serious about our intentions. We must therefore require all NSLF Members to acquire the following equipment:

1. .45 Cal. Automatic pistol. This is required because of its unbelievable "hard hitting" killing power. Also, if a .45 Cal. Auto. is used in such a manner that one doesn't wish to be traced by ballistics the barrel can be easily disposed of and a replacement installed very easily. Barrels and parts are very easy to obtain and the cost is approximately \$8 for a new barrel. In addition, ammunition is abundant and in a revolutionary situation almost every gun store and armory has large quantities of ammunition.

2. 12 gauge, pump action, Hi-Standard (trade name), 7-shot magazine shotgun. This is the ultimate in "crowd control" weaponry. The police use it with deadly efficiency and so will we.

3. .308 Cal. Military assault rifle. This will probably be the most necessary piece of equipment you will have, also the most expensive, unfortunately. Most of the NSLF following are working class people and have tight budgets. However, it is imperative that you save up for this weapon, your life may very well depend on it. There are basically four different "types" of .308 assault rifles: 1) The .308 Heckler Koch (G-3) Nato Semi-Auto Rifle, 2) the .308 Cal. SIG, Swiss military assault rifle (pictured in Number Two SEIGE), 3) the civilian Springfield Armory M-14 American semi-auto rifle, and 4) the Belgian FN-FAL Nato Assault rifle (the most expensive and hard to find of all). Any individual who has any substitute weapon should contact NSLF Headquarters for advice.

4. New Military gas masks. These can usually be obtained in military surplus stores.

5. Bullet-proof vests. These may also be obtained at military surplus stores, and are essential.

Special mention should be made for when obtaining weapons try not to have them registered and to always obtain as many ammunition magazines as possible.

NEW GUERRILLA PUBLICATIONS AVAILABLE

The NEW ORDER BOOKSHOP has obtained a supply of very important books geared for the Underground. They should be read by and studied by all NSLF Members are are required for all Members of the Central Organization of the Underground.

- A. Poor Man's James Bond-\$4.95, an excellent book on how to produce bombs and poisons with easy-to-get materials. A Must!!!
- B. Boobytraps-\$2.00, a military book on building boobytraps which can easily be prepared for use against the enemy.
- C. Field Fortifications-\$1.50, another pertinent field manual.
- D. Improvised Munitions Handbook-\$2.95, an excellent military handbook of effective "home-made bombs."
- E. Chemistry of Powder and Explosives-\$4.95, one of the best handbooks on preparing explosives and powders.

JAILED COMRADE

Member Paul Mooney was arrested in October, 1974 after FBI agents pulled a raid on his home at 1:00 a.m. Comrade Mooney attacked the agents who had broken down the door of his home inflicting injuries to two of the enemy agents. One agent had his ear bitten off while another was assaulted by his own shotgun along the side of the head. NSLF Member Mooney was then handcuffed around the feet and hands and spirited off to the county jail.

After four months of incarceration Comrade Mooney was released to a "half-way" house. This action was taken instead of a long prison term because of the illegal raid by the FBI.

A SPECIAL MESSAGE

The National Socialist Liberation Front has obtained tremendous amounts of support, mostly from the more militant elements of the Party. This has enabled us to overcome many significant obstacles, obstacles which had completely put further development of above-board activities to a halt. With the installation of the RADICAL HOT LINE telephone message service, which should be complete by the end of January, there will be no further obstacles to cope with, outside of normal expenditures. To maintain everything we now have will take a very special effort by everyone to continue and whenever possible, to increase their financial obligation to NSLF. Without your support we will fail in our tasks.

Starting in February NSLF will launch nationwide street confrontations with the enemy. Every Liberation Front activist must prepare for the 1975 offensive. A violent year lays ahead and we must do everything possible to exploit the opportunities which shall present themselves to us. You must not fail in your obligations to the Armed Struggle. You must throw yourselves completely into the battle for liberation. You must intensify your support to the underground; pass out literature whenever possible, sell SEIGE whenever the opportunity presents itself, and pull off demonstrations against the enemy. Above all, keep in mind that everything we do must lead toward armed confrontation with the enemy, BUILD THE ARMED STRUGGLE!

Some facts to consider

BIG BROTHER AND THE HOLDING COMPANY or POLICE STATE, USA

Unlike the reactionaries and "other" so-called "National Socialist revolutionaries", NSLF recognizes the fact that although some police may be sympathetic to certain opinions National Socialists may have, we recognize the police are the army of the system. The police enforce the system's laws and will NEVER allow us to wage war against the blacks and the Jews.

We DO NOT wish for "Law and Order", for law and order means the continued existence of this rotten rip-off Capitalist Jew System. We wish for anarchy and chaos which will enable us to ATTACK the system while her Big Brother Pigs are trying to keep the pieces from falling apart. We wish for a situation so confused and mixed-up that we can go after those bastards responsible for the anti-White policies and attacks against our people which now exist. Such chaos would allow us to so intensify our assaults that we could very well plunge the entire system to its death. For us to support those (the police) who maintain the "rules the wise men make for the fools" is absurd and suicidal.

In addition to this awareness, NSLF recognizes the situation in America has rapidly changed. WE ARE A POLICE STATE. Since the end of the Viet-Nam War, all research and money has gone into the development of a super-Nationwide Police Network, a "Big Brother" situation (New Orleans already has closed circuit television cameras on its city streets).

The FBI and all cops have only one purpose: to maintain the existing order! For any of "our" people to support this situation is completely suicidal and contrary to National Socialist Revolutionary interests.

IMPORTANT NOTICE

A few people are confusing the National Socialist Liberation Front with a small group of homosexuals who call their organization the National Socialist League. NSLF is in NO WAY connected with the National Socialist League (NSL). NSLF does not allow queers in its ranks or formations. While not being interested in a persons personal life, NSLF views homosexuality as an alien extension of an expanding degenerate democratic society.

Real Battle Ahead

PIECE NOW!, NSLF ARMAMENTS AND EQUIPMENT

The NSLF is a political, revolutionary army. The organization revolves around a militant strategy of ARMED GUERRILLA STRUGGLE against the Jewish power structure. Consequently the underground leadership has determined that those who will participate in the "armed struggle" will be organized and ARMED in a uniform manner. We are a disciplined ARMY whose aim is the total destruction of the anti-White system and the creation of a National Socialist State! Therefore, all members of the "Central Organization" will acquire the following equipment. Suggestions for modification will be considered but as it stands now the following equipment is required and must be obtained by all present "Central Organization" members by March 1975. Any C.O. member who has not completed these requirements or who does not have a valid excuse for failure to comply will be removed to the General Membership roster.

Dear Comrade,

SEIGE was real interesting and informative.

There were many reasons for my resignation from the National Socialist White People's Party. The foremost three where;

- 1.) A total lack of real Revolutionary dedication on the part of most of the supporters all the while they expect the leader to put his head on the chopping block and then criticize him for not performing miracles!
- 2.) I can't help but feel that the Party is so far behind in it's goal of attaining "power" that any further time spent is a waste! The Gay Liberationists have more of an organization and are closer to their goals than we are! The Party trying to take power in the United States is like a fly trying to rape an elephant!
- 3.) While in the Party it was impossible to provide for the security of my family. I couldn't even have the security of knowing that in case of a legal bust I would have a Party supplied lawyer. The Party dosen't have any lawyers and can't provide legal help to it's members.

In closing let me state that both Gerald Smith and myself look back upon our association with you in the Party with good feelings and we both think the NSWPP handled your case unjustly.

White Power, Ray Wilson, former San Diego
NSWPP Unit Leader

Dear Mr. Tommasi,

I have recieved your literature and wish to let you know that I whole heartedly agree with the aims and aspirations of NSLF. I found the copy of SEIGE very enlightening and vital. My wife and I relocated to National headquarters recently. We found everything very disorganized and chaotic. We couldn't stand the deplorable situation and resigned from the Party. We now plan on joining NSLF. HEIL HITLER! Mr. Phillip McDaniel, Columbus, Oh.

MORE Letters

Dear Comrade, ~~_____~~

We got SEIGE today. It really sounds good. There are a few things you should know.

We now live in Alexandria, Virginia and work at National Headquarters in Arlington sometimes. The people out here are really NUTS! They believe that when the economic collapse occurs the masses of whites will rush to the Party for leaders and guidance.

They tell everyone that we're in a time of peace: a time to build up the elite. These asses want to be the leaders, but don't want to take the responsibility for anything and that includes the Commander. With my own ears I heard him answer a man's questions with the line, "I don't know, that's not my department". Well, what the hell is!!!

"This principal of absolute responsibility unconditionally combined with absolute authority will gradually breed an elite of leaders....."Mein Kampf
page 449

But don't quote that to these people or you'll be labeled a reactionary or better yet kicked out! And what happens to these "reactionaries"? In the month of August alone, 61 people were kicked out of the Party from one state, CALIFORNIA.

There's a joke going around National Headquarters that there are only three people left in the Party-Bishop, Ward and Commander Koehl. And that Bishop has just pulled Ward's card and that Commander is behind in his pledge.

Too many members of the elite staff are mentally upper and upper-middle class characters. They've never known real hunger or fear and don't intend to. They refer to the masses and even their own supporters as inferior lower class reactionary "trash". They're garbage to be disposed of as quickly as possible. To enforce this mentality a fifteen minute time limit has been placed on all visitors to National Headquarters and a five minute time limit on all telephone calls. This was all initiated by Ward. He will make no exceptions! Once a man drove all the way out from Chicago to Arlington, Virginia and Ward asked him to leave because his fifteen minutes were up. John Harnet, (a loyal Rockwell supporter), has been banned from H.Q. because he overstayed his time limit.

Many people are asking many questions;

Why did the Huffs leave National Headquarters.....
Why did Biederman go to Rhodesia.....
Why did Bishop try to kill himself.....
Why are so many good supporters being kicked out..
Why did Ralph Forbes leave the Party.....
Is the Commander going to disband the Party.....

There are a lot of questions but no answers. We are all wondering what's going to happen.

The people at National Headquarters are really afraid of NSLF. You represent a threat to their daydreams and fantasies. They are constantly bringing up your name. I've stood up to them all in your behalf. Don't forget, you still have many friends in the Party. Take care and best of luck to NSLF!

V.H., Alexandria, Virginia

MORE Letters

Dear Sirs,

Congratulations on your split from the NSWPP. NSLF is something many of us have been waiting for.

We here in St. Louis had a similar experience with Arlington with the end results being we split off too. You'll probly be hearing about it soon.

Please send me full information on NSLF, I would like to join.

Rev. James Betts
Overland, Mo.

Dear Comrade,

Got the last copy of SEIGE the other day. It's pretty good. Needless to say your arguments are compelling. Apparently, the mass potential of the Party is about nil. The end or supposition seem to be that if shown the light the people will flock to our banner. But as you say it's more like the guy in the back room. Striker was out here the last couple of days and seems to agree.

Anyway stay clear of the feebees and don't blow up any library toilets.

Dan Dexter
Peoria, Ill.

Dear Joe,

Too bad things boiled over for all of you and the NSWPP. I could see this coming for a long time.

As you probly know, I tried to work with Arlington for approximately six weeks in March and April. I moved all my materials down and was I in for a big surprise!!!! I'll fill you in on the full horror story later but you can probly guess most of it yourself.

Suffice to say I'm nolonger down there. I moved myself and all my belongings back to New Jersey.

Good luck with NSLF and keep up the fight.

Douglas T. Kaye
Union, New Jersey

Building the revolutionary party

THE ROAD TO BORNEO

Political power stems from the barrel of a gun. Winning the hearts and minds of the people takes intense organizing activity and a willingness on the part of the people to get involved and be organized. Both at this time do not exist. Since a mass movement cannot be "pulled off" in America because of the anti-mass movement nature of the American people (which stems from their ever growing apathy), the only recourse for National Socialist Revolutionaries is to go underground and build their own armed struggle to wage war against the state. National Socialist activities have never produced one significant political result in the USA. Any mob resistance our people have ever been engaged in has always been a spontaneous eruption (like Boston) with the participation and agitation of NO political party or NS activist. They did it themselves and without our help. Organizationally, the Movement has failed to exploit the opportunities available to create "mass" mob violence against the enemy, even when such opportunities have lingered on. Publicity stunts have always supplanted EFFECTIVE POLITICAL ACTION. There has been no arming the students, no burning of school busses except by mobs totally disconnected with the NS Movement, no organization of mass violent demonstrations, and no effort to communicate with the people and provide the necessary National Socialist Political Leadership to gain direct National Socialist successes. In Boston, contrary to NSWPP claims, the people REJECTED the Party and if anything desired help from the Ku Klux Klan, an embarrassment for the Party. This situation occurred because of a complete lack of proper leadership and leadership activity on the part of the NSWPP. The Party with their stagnant Prussian tactics were incapable of IDENTIFYING with the revolutionary youth. Special propaganda and mass organizing did not occur. Just a few stunts for the newspapers and no solutions for the problems of the people.

As National Socialist Revolutionaries we must always keep in mind that nothing we do against the system can ever be conceived as "adventuristic". Militant struggle is the key to heightening contradictions. It not only strikes concrete blows against the state but also builds revolutionary consciousness among those involved in the struggle, which is what must happen before we can attempt to build our "outside power bases from which to operate while building a popular base of support." Building a popular base of support will become more and more of a necessity and an easier goal to achieve as conditions in the country become worse and worse. Our greatest weakness is our belief in our weakness. We have to communicate to all National Socialist Revolutionaries our strength and to SHOW them our strength we have to show them the strength of fighting. We must build confidence within the entire Movement before we can hope to help people and lead those people in revolution. That confidence must be based on the idea that as NS revolutionaries we cannot be stopped by anyone: the system, the Reds or the reaction. This confidence must project the image and reality that only confrontation

By Any Means Necessary

politics, force and violence, can change the anti-White actions of our enemies. ONLY by fighting by any means necessary will we be able to effect political change. We cannot effect political change by projecting a phony, bureaucratic, Prussian image and constantly spouting unrealistic daydreams, such as imagining the masses would ever wish to emulate Stormtroopers. It just won't happen. All revolutions, the actual assumption of power, are instigated by the efforts of a tiny few. Those who could possibly participate in such a revolution among the White people in America are not like those who participated in past European struggles. Americans tend to go against the "grain" on practically anything. We are not Europeans and won't respond as Europeans. If a revolution occurs in America it will most likely be a violent one sparked by one lone incident and not by a prepared dialogue of NSWPP euphemisms. Until that one lone incident occurs, White people will never flock to the voting booths to place their physical support to the direction of helmeted Stormtrooper. They will instead continue to play the present Republican and Democrat Party politics no matter how bad things get simply because of their complete apathy towards getting involved with their neighbours problems. They don't recognize those problems as their own. The NSWPP cannot offer any PROOF of their ability to provide solutions to the problems facing the country, especially when the Party has only one or two REAL leaders. With such a situation, how can the NSWPP make claims of having the answer? Their past performances give no guiding light at this time.

NSLF believes that it is necessary to begin development of an armed struggle immediately. We now understand the futility of maintaining the fight for social change within the framework of civil debate. Instead of trying to educate and organize people who don't see it our way, we write them off as enemies and neutralizers of the National Socialist Revolution. This has marked the ascendancy of the purely militant point of view in NSLF thinking. We now confine our outreach to the small group of Movement people we consider potentially militant NS revolutionaries. NSLF feels that since these NS already know the "system sucks" all they need is a revolutionary example in order to move into armed struggle themselves. NSLF will lead these National Socialists through a series of rigidly defined steps from the "lowest levels" of armed struggle to the "highest levels". The "levels" are determined by the violence of the weapons used. Rocks and "trashing" are on one level, molotov cocktails are higher and bombs higher still. The highest level is, of course, guns. This tactic of "levels" includes no political guidelines or flexibility and almost completely disregards MASS participation. Levels are defined solely in terms of the weapons used. A mass action involving hundreds using only rocks is defined as a lower level of struggle than a bombing carried out by a few.

Leadership in the struggle has to do with making things happen. Leadership is the people who are doing it, cutting through diversionary debate, smashing forms and familiarities that hold us back, and through developing and acting on a clear line of how we move to win, redefining the context, content, and meaning of the NS Movement and the Revolution. That's what we call SEIZING THE TIME!

NSLF is building an underground army. We must spread our efforts to trouble spots in the country exploiting racially troubled areas and establishing bases of support. At these times, we will continue to fan the fires as long as we can using this chaos to launch armed attacks against the enemy. Since our militance is obviously going to lead to a military confrontation (probably with the ever growing BLACK US ARMY), maybe not for the next few years, then the fact that most of the Movement has no consistency of armaments makes us fools. So we must build internally during the next few months. Therefore we should state publicly that we believe, we support, and are preparing for ARMED STRUGGLE; for that is what we must do to effect political change.

In times of revolution, just wars and wars of Liberation, we must love the angels of destruction and disorder as opposed to the devils of conservatism and law and order. To hell with all those who block the revolution with rhetoric--revolutionary rhetoric or counter-revolutionary rhetoric! We will not make our most eloquent statements in courtrooms and at press conferences, but in the streets of Jew-Capitalist America!

The choice of weapons belongs to him who moves; and NSLF moves into the streets and we have made our choice of weapons and tactics. The weapon of CRITICISM will never equal the criticism of weapons. NSLF prefers a paralyzed enemy to a well-criticized one.

Those who can't stand the sight of blood, especially their own, should stay home and pray for those who come outside the master's rules to "move", to do it, and pray for victory and not for an end to the slaughter. Pray for us to succeed for if we do succeed you will be safe. If we don't, then kiss the baby good-bye.

WHITE RIOT

(To The Tune of "White Christmas")

I'm dreaming of a White Riot
Just like the one we had March 4
When the creeps took a beating
And things started leading
To Armed Struggle Against the State

I'm dreaming of a guerilla movement
That has the highest consciousness
That the White World's winning
And we're beginning
to join their fire in N.S.L.F.

We're leading now toward armed struggle
With every cadre line we write
May you learn to struggle and fight
Or the blacks will off you

NORTH CAROLINA NSWPP JOINS NSLF

NSLF representatives recently toured the country, visiting Chicago, St. Louis, and other parts of the nation. Among the organizational accomplishments is the announcement that Frank Braswell, leader of the NSWPP in North Carolina has left the Party and is now fully committed to NSLF's revolutionary struggle. The NSLF in N.C. has a radical hot line telephone message service and is involved in Movement activities in the surrounding states. Fully committed to armed struggle and recognizing the futility of the mass movement idea espoused by the National Socialist White People's Party, the North Carolina Unit of the National Socialist Liberation Front is sure to establish itself as the revolutionary vanguard on the east coast.

The NSLF Bookstore has been closed recently because of a staff shortage. Available personnel have been required elsewhere in the country for purposes of organization. Comrades are urged to move to the El Monte area and help man the bookshop. Maintaining the bookshop is essential to NSLF development in California. Write to NSLF, P.O. Box 241, El Monte, Calif. 91734 if you wish to relocate to the Los Angeles area.

IF YOU LIKE WHAT YOU SEE

Los Angeles:

On October 29, 1974, a black who was strutting the streets of L.A. with a white woman was severely beaten and escaped his attackers. The white woman who turned out to be a hooker for the black was disrobed from the waist up and handcuffed to a streetlamp pole with a sign around her neck which read: "I'm a nigger lover. I screw niggers. I deserve to die". It took 45 minutes for police to arrive and 25 minutes to cut her loose.

Albuquerque, New Mexico:

A private airplane belonging to a Jew official of the NAACP was set on fire by NSLF guerillas. The plane was a total loss except for the engine and one tire.

Hollywood, California:

On October 29, a Lincoln Continental (1973 model) was set on fire. It belonged to an executive of a major capitalist corporation sponsoring nigger culture on T.V. and in the Southern California mountains.

On 1/23/75, [] a source who has provided reliable information in the past, advised that JOSEPH TOMMASI, former NSWPP unit leader, is currently heading an underground right-wing group known as the National Socialist Liberation Front (NSLF). The organization is headquartered at 11101 Garvey Avenue, El Monte, California.

The organization has two essential goals; to conduct terrorism and guerilla warfare against the U. S. Government and Communist organizations; and the eventual rise to power of a National Socialist Government by armed struggle.

Source believes the organization has approximately twelve to fifteen members, most of whom are former NSWPP supporters who supported TOMMASI during his mutiny. Source could identify only one member as [] is in all likelihood TOMMASI's [] and no further descriptive data was known. D

Although the group advocates armed struggle source knew of no stockpile of weapons or explosive devices.

The organization is in no way affiliated with the NSWPP and any party member who affiliates himself with the NSLF is automatically expelled from the NSWPP.

According to the literature received, the NSLF was established as an alternative to the lack of any pure education on the National Socialist World View (NSWV) to members of the National Socialist Community. Its primary purpose is the education of a select group of members of the non-Jewish, white race already committed to the NSWV in the hopes they will gain a better understanding of ADOLPH HITLER's National Socialism. NSLF seeks to accomplish this end through:

1) Maintenance of a political book store dealing primarily in National Socialist thought

2) Militant radical workshops and the training of a cadre of dedicated, well educated...revolutionaries. Radical, militant "street action" aimed at bringing the system and its bosses to their "knees" is the final goal.

3) Maintenance of a "Radical Hot Line" telephone message service.

4) Dissemination of propaganda.

NATIONAL SOCIALIST LIBERATION FRONT
EXTREMIST MATTER - WHITE HATE GROUP

This investigation is based on information which indicates that the National Socialist Liberation Front (NSLF), see below, is engaged in activities which could involve a violation of Title 18, United States Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot Laws) or 241 (Civil Rights Act of 1968).

The NSLF was formed in February 1974 by Joseph Tommasi. Tommasi had been expelled from the National Socialist White People's Party (NSWPP) (see appendix), in September 1973, and since that time, had been formulating plans for the formation of the NSLF. Both the literature and Tommasi's own statements indicate that the NSLF will operate from basically the same political ideology as that of the NSWPP.

A review of the indices of the Los Angeles Division of the Federal Bureau of Investigation (FBI), failed to reveal any identifiable information concerning The Western Guard, "Wolfgang", Gerald James Doyle, and the publication, "How to Kill". The introduction Third Quarter issue for 1974 of "Siege" does not list the publication "How to Kill" in its two page list of radical books.

Sources, whose identities are concealed herein, have furnished reliable information in the past except where otherwise noted.

One copy of this LHM is also being disseminated to the U.S. Secret Service, Los Angeles, in view of their investigative interest in organizations which have propensities towards violence. u

Two copies are being furnished to each recipient office in which individuals are referred to in either issue of the "Siege" or are listed in the membership, supporter or interested persons list set forth in this LHM. u

Each recipient office is requested to review their indices concerning listed persons and canvass appropriate extremist informants to ascertain if there have been efforts to form a NSLF "Combat Unit" within their respective Division. u

It is to be noted that Los Angeles sources have advised that JOSEPH TOMMASI, head of the NSLF, is prone to exaggerate the truth when it refers to NSLF units, members and financial support outside of the Los Angeles area inasmuch as no other member is able to verify such information due to the autonomous manner in which TOMMASI controls the NSLF. u

NATIONAL SOCIALIST LIBERATION FRONT
EXTREMIST MATTER - WHITE HATE GROUP

This investigation is based on information which indicates that the National Socialist Liberation Front (NSLF), see below, is engaged in activities which could involve a violation of Title 18, United States Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot Laws) or 241 (Civil Rights act of 1968). u

The NSLF was formed in February, 1974 by Joseph Tommasi. Tommasi had been expelled from the National Socialist White People's Party (NSWPP) (see appendix), in September, 1973, and since that time, had been formulating plans for the formation of the NSLF. Both the literature and Tommasi's own statements indicate that the NSLF will operate from basically the same political ideology as that of the NSWPP. u

On January 31, 1975, Source [] furnished a copy of the "National Socialist Review", Issue Number 1, for January, 1975. The publication is self-described as the Internal Bulletin of the NSLF. The four-page issue is set forth as follows: v

National Socialist Review

FIFTY CENTS

SPECIAL
ISSUE

No. 1 Internal Bulletin of the National Socialist Liberation Front Jan.

NATIONAL SOCIALIST REVIEW

Starting with this issue, the National Socialist Liberation Front will publish a monthly Bulletin. The purpose of National Socialist Review is to keep in touch with all our supporters and to let them know of all the advancements N.S.L.F. is making. SEIGE will continue to be published but will now take the form of an ideological journal while it will be the job of National Socialist Review to report on the activities of N.S.L.F. In addition, SEIGE is a quarterly which is too long a period of time for the following to wait for word on internal organizational activities. National Socialist Review is sent free to all N.S.L.F. members. Non-members can subscribe at \$5.00 per year or fiftycents per copy. To get NSR you must subscribe or join NSLF.

FOURTH QUARTER, NUMBER TWO OF SEIGE AVAILABLE

The fourth quarter issue of SEIGE is now available for distribution. This newest issue has a new format, a more professional type style with a greater amount of graphics. The new magazine style contains many informative articles on interMovement happenings and a very important article on "Building the Revolutionary Party". Single copies are available for \$2.50 each or \$9.00 per year. SEIGE is sent free to N.S.L.F. members. Others must subscribe!

NEW TELEPHONE NUMBER FOR N.S.L.F. BOOKSHOP

Because of increased support for the National Socialist Liberation Front we have been able to obtain telephone service at the N.S.L.F. "NEW ORDER BOOKS" at 11101 Garvey Ave. in El Monte. The new number is (213) 443-1464.

WANTED

Any persons who have any National Socialist books they no longer want are asked to donate them to the National Headquarters of the National Socialist Liberation Front. Our library is growing but many more books are needed. All needed are book suitable for resale in the New Order Bookshop.

We are also in need of any office equipment.

NORTH CAROLINA SHOOTOUT

As of this writing word received at National Headquarter confirms news report that Frank Braswell, leader of the North Carolina Unit of the National Socialist Liberation Front has just been ambushed by the enemy. It is reported that Braswell and a female Liberator Front Organizer sustained light injuries in the battle. More details will be contained in the February NSR. Those Comrades in the Eastern portion of the States are urged to contact Mr. Braswell and help out in any way possible. N.S.L.F., P.O. Box 47, Penn, North Carolina.

~~CONFIDENTIAL~~CAPTAIN JOSEPH TOMMASI ON RKO'S CHANNEL 9 TV

Captain Joseph Tommasi, leader of the National Socialist Liberation Front, along with Bart West, a spokesman for the Ku Klux Klan, appeared on Channel 9 TV in Los Angeles. The program, "The Morning Show," is hosted by the black moderator Tom Hawkins.

Captain Tommasi and Mr. West were to debate a member of the N.A.A.C.P. who promptly chickened out. Instead of the NAACP representative Channel 9 invited a black organizer who earlier that week had helped organize a march in Pasadena, Cal. to promote bussing. Channel 9 also had a former mayor of Beverly Hills who is now a "Constitutional Lawyer," promoting race mixing and bussing; he is a Jew.

As the show proceeded the race-mixers continually turned all the realities of a race-mixing society around, spewing untruths and deceit to the TV audience. At this point the National Socialists blasted these lies with calls for armed resistance on the part of Whites against any and all attempts to mongrelize White society.

It was brought out that NSLF has been attempting to arm the students of Boston with weapons for use against the System and the blacks who are trying to break White resistance towards the integration schemes. The mention of guns to further the National Socialist struggle brought shock and terror into the minds of the Enemy. The black and the Jew became extremely upset as the telephone lines into Channel 9 overflowed with calls wishing to speak to the National Socialists.

Many times during the insane statements of the black and Jew, fist fights nearly broke out as it became too absurd for the National Socialists to allow the race-mixing duo to continue with their anti-White antics.

As the show neared its end Mr. West and Captain Tommasi continued to blast the race-mixers' notions that they were going to "take what was theirs" by letting these two swine know that indeed they would have to take it for Whites would continue to resist their efforts and that this resistance would soon take the form of armed assaults against the enemies of the White race.

The show was a complete success for NSLF as it allowed the public to know that there is now an organization which has every intention of fighting with the Revolutionary Violence of National Socialism.

A SPECIAL NOTE ON NSLF PUBLICATIONS

The Underground recognizes that there are a lot of "dead beats" in the Movement, people who like to criticize everyone's efforts no matter what those efforts may be, while never contributing any help whatsoever to the Struggle for liberation.

Therefore the NSLF Underground has adopted the following policies:

1. Only the bulletin of NSLF, National Socialist Review, will be "exchanged" for the publications of other organizations. Non-members of NSLF will have to subscribe to NSR; rates are \$5.00 per year or fifty cents per copy. National Socialist Review is published monthly and sent free to card-carrying members.
2. An introductory copy of SEIGE will be sent free to new inquiries to NSLF. Card-carrying members of NSLF receive SEIGE free. All other persons interested in receiving SEIGE will have to subscribe at nine dollars per year or two dollars and fifty cents per copy. SEIGE is published quarterly (every three months). Only in special circumstances, such as an organization which publishes a monthly "newspaper" or similar journal, will SEIGE be exchanged in return for said periodical.

NEW ORDER BOOKSHOP PROGRESS

When the Underground first opened the New Order Bookshop we were promised help by past NSWPP associates in helping to maintain the bookshop. It was hoped we could keep it open from the early morning to midnight; as it turned out these people let us down. We were not able to maintain open business hours as consistently as we would have liked. The bookshop has been open only three to five days out of the week when it should have been open seven days a week for at least ten hours a day.

To be precise we are suffering a staff shortage. The reason for this is THE BOOKSHOP IS NOT NSLF HEADQUARTERS. NSLF Headquarters is located at another location for obvious security reasons. Most of our supporters are working class people and cannot afford to take time off to man the store. The only solution to this problem was to find a Comrade who was in a position to man the store without interfering with his personal situation. We therefore sent out notices to those Members we felt could accomodate such a demand.

We are therefore pleased to announce that Comrade Damon C. Vashon of Louisville, Kentucky will be transferred from Kentucky to Los Angeles to be bookshop manager. By January 20, 1975 the bookshop will be open on a guaranteed daily basis. Another obstacle has been overcome by the revolutionary dedication of our following.

NSLF ARMAMENTS AND EQUIPMENT

NSLF is building an armed Revolution and we are dead serious about our intentions. We must therefore require all NSLF Members to acquire the following equipment:

1. .45 Cal. Automatic pistol. This is required because of its unbelievable "hard hitting" killing power. Also, if a .45 Cal. Auto. is used in such a manner that one doesn't wish to be traced by ballistics the barrel can be easily disposed of and a replacement installed very easily. Barrels and parts are very easy to obtain and the cost is approximately \$8 for a new barrel. In addition, ammunition is abundant and in a revolutionary situation almost every gun store and armory has large quantities of ammunition.

2. 12 gauge, pump action, Hi-Standard (trade name), 7-shot magazine shotgun. This is the ultimate in "crowd control" weaponry. The police use it with deadly efficiency and so will we.

3. .308 Cal. Military assault rifle. This will probably be the most necessary piece of equipment you will have, also the most expensive, unfortunately. Most of the NSLF following are working class people and have tight budgets. However, it is imperative that you save up for this weapon, your life may very well depend on it. There are basically four different "types" of .308 assault rifles: 1) The .308 Heckler Koch (G-3) Nato Semi-Auto Rifle, 2) the .308 Cal. SIG, Swiss military assault rifle (pictured in Number Two SEIGE), 3) the civilian Springfield Armory M-14 American semi-auto rifle, and 4) the Belgian FN-FAL Nato Assault rifle (the most expensive and hard to find of all). Any individual who has any substitute weapon should contact NSLF Headquarters for advice.

4. New Military gas masks. These can usually be obtained in military surplus stores.

5. Bullet-proof vests. These may also be obtained at military surplus stores, and are essential.

Special mention should be made for when obtaining these items try not to have them registered and to always obtain as many ammunition magazines as possible.

NEW GUERRILLA PUBLICATIONS AVAILABLE

The NEW ORDER BOOKSHOP has obtained a supply of very important books geared for the Underground. They should be read by and studied by all NSLF Members and are required for all Members of the Central Organization of the Underground.

- A. Poor Man's James Bond-\$4.95, an excellent book on how to produce bombs and poisons with easy-to-get materials. A Must!!!
- B. Boobytraps-\$2.00, a military book on building boobytraps which can easily be prepared for use against the enemy.
- C. Field Fortifications-\$1.50, another pertinent field manual.
- D. Improvised Munitions Handbook-\$2.95, an excellent military handbook of effective "home-made bombs."
- E. Chemistry of Powder and Explosives-\$4.95, one of the best handbooks on preparing explosives and powders.

JAILED COMRADE

Member Paul Mooney was arrested in October, 1974 after FBI agents pulled a raid on his home at 1:00 a.m. Comrade Mooney attacked the agents who had broken down the door of his home inflicting injuries to two of the enemy agents. One agent had his ear bitten off while another was assaulted by his own shotgun along the side of the head. NSLF Member Mooney was then handcuffed around the feet and hands and spirited off to the county jail.

After four months of incarceration Comrade Mooney was released to a "half-way" house. This action was taken instead of a long prison term because of the illegal raid by the FBI.

A SPECIAL MESSAGE

The National Socialist Liberation Front has obtained tremendous amounts of support, mostly from the more militant elements of the Party. This has enabled us to overcome many significant obstacles, obstacles which had completely put further development of above-board activities to a halt. With the installation of the RADICAL HOT LINE telephone message service, which should be complete by the end of January, there will be no further obstacles to cope with, outside of normal expenditures. To maintain everything we now have will take a very special effort by everyone to continue and whenever possible, to increase their financial obligation to NSLF. Without your support we will fail in our tasks.

Starting in February NSLF will launch nationwide street confrontations with the enemy. Every Liberation Front activist must prepare for the 1975 offensive. A violent year lays ahead and we must do everything possible to exploit the opportunities which shall present themselves to us. You must not fail in your obligations to the Armed Struggle. You must throw yourselves completely into the battle for liberation. You must intensify your support to the underground; pass out literature whenever possible, sell SEIGE whenever the opportunity presents itself, and pull off demonstrations against the enemy. Above all, keep in mind that everything we do must lead toward armed confrontation with the enemy. BUILD THE ARMED STRUGGLE!
